

You're invited!

Weds., Oct. 28, 2009

Teacher Resource Fair at MSU

4pm – 6 pm (stop in anytime) · EPS building atrium

For all K-12 teachers and youth educators from all disciplines and all grade levels as well as MSU pre-service teachers

After a full day in the classroom, join us for appetizers and a look at the many MSU resources that can support your teaching.

Pick up free lesson plans and classroom materials; view LEGO robotics and other demonstrations; and learn about MSU guest speakers, graduate programs and more.

Meet NASA Aerospace Educators and Scientists

4pm - 6pm

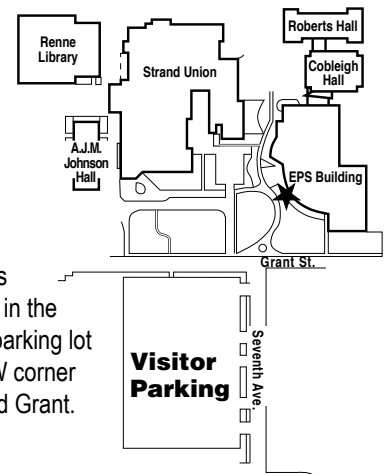

Feel free to join us for some or all of this interactive videoconference with a NASA aerospace educator and young scientists, who will discuss aerospace education and current lunar missions and robotics. MSU's NASA student ambassador will be on hand to answer questions.

Featuring: Big Sky Institute, Center for Bio-inspired Nanomaterials, Center for Invasive Plant Management, Department of Chemistry and Biochemistry, Department of Education, EPSCoR, Master's of Science in Science Education (MSSE) program, Montana Space Grant Consortium, MSU Entomology Club, Museum of the Rockies, NASA, Northern Plains Transition to Teaching, Project Archaeology, SPOT (the Space Public Outreach Team), Thermal Biology Institute, Western Transportation Institute, and more.

DOOR PRIZE: Win a free MSU online graduate class from NTEN, valued at \$900

**RSVP's are appreciated to Extended University—
(406) 994-6550 or ExtendedU@montana.edu**

Sponsored by Extended University's National Teachers Enhancement Network (NTEN) and MSU'S Astrobiology Biogeocatalysis Research Center

Parking is available in the visitor's parking lot at the SW corner of 7th and Grant.
